

# Prevalence and spread of antibiotic resistant microorganisms in a cross border region

Citation for published version (APA):

van der Donk, C. F. M. (2013). *Prevalence and spread of antibiotic resistant microorganisms in a cross border region*. [Doctoral Thesis, Maastricht University]. Uitgeverij BOXPress.  
<https://doi.org/10.26481/dis.20130605cd>

## Document status and date:

Published: 01/01/2013

## DOI:

[10.26481/dis.20130605cd](https://doi.org/10.26481/dis.20130605cd)

## Document Version:

Publisher's PDF, also known as Version of record

## Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.
